PREFACE.

Dr. W. S. Disbrow has been an assiduous collector of Coins and Medals, and more especially has he devoted his energy and a liberal expenditure of money in the endeavor to acquire a collection of medals struck in honor of men of the Medical Profession, of which he is a distinguished member, and it is our regret that he has decided to relinquish his chosen series just when he had accumulated such a splendid array as are to be found described in this catalogue. Dr. H. R. Storer, of Newport, R. I., the authority on medical medals, very kindly revised our MS. of that series, supplying many dates as to when the individual lived.

The collection of fractional currency of Mr. Monroe J. Friedman needs but the careful perusal of the pages describing them to show the superior quality and extent of his remarkable collection, second to none. He has been a liberal purchaser, always seeking the best and ready to add to his collection at any time, so that in the dispersal of his collection collectors are given an unsurpassed opportunity to enrich their collections.

Every coin or note is guaranteed genuine, and this guarantee holds good indefinitely.

No lot is separated—all described under each lot number are sold under that number, and at so much each piece, no matter how many there may be in it. All bids are so much each piece. Collectors who send bids and have not established a credit with us will be required to send reference or to pay in advance of shipment of goods purchased.

We have found our practice of examining each bid letter on receipt and instructing the bidder where he appears uninformed

as to values to give much satisfaction to our numerous clients, and letters sent in up to four days prior to sale receive this examination. Many errors are thus corrected—more than some would suppose were likely—and also collectors who make bids far below market value when so informed concentrate the sum they desire to expend on the lots within their means, and are therefore more likely to be successful.

Priced catalogues will be supplied after sale on receipt of 75 cents (stamps taken, any values). Payment required with order.

A few scarce or desirable coins will be found at the end of the paper money, beginning with No. 1131.

Very respectfully,

S. H. & H. CHAPMAN,

Numismatists. 1348 Pine St., Philadelphia.
